JST *now* Indexed by SCOPUS

The *Pertanika* Editorial Office, Publication Division of the Research Management Centre (RMC) is pleased to make the following announcement.

The *Pertanika* Editorial Office, Publication Division of the Research Management Centre (RMC) is glad to announce that **Pertanika Journal of Science & Technology (JST)** has now been indexed in **Scopus (Elsevier)**.

In addition, JST is also indexed in EBSCO.

www.scopus.com
www.ebscohost.com

Pertanika caters for scientists, professors, researchers, post-docs, scholars and students who wish to promote and communicate advances in the fields of **Agriculture; all areas of Science & Technology; and Social Sciences & Humanities** research through its three titles; JTAS, JST & JSSH are encouraged to submit article to *Pertanika* Journals.

All three *Pertanika* titles are accepted and published in English and are open to authors around the world regardless of the nationality. Each title is currently published two times a year; JST is published in January and July while JTAS in February and August, and JSSH in March and September. All three titles are indexed in SCOPUS (Elsevier) and EBSCO. In addition, JTAS is also indexed in AGRICOLA and CABI.

Please find the journal's profile at:
